

EBJIS 2019 Preliminary Programme

Thursday 12 September 2019		Room: Queen Elizabeth Hall				Room: Okapi room	
07:00		Registration					
08:30-08:50		Welcome	Olivier Cornu, Martin McNally				
		Opening Ceremony					
08:50-09:50		Key session 1: Fracture-related infection: current concepts I	Chairs: Martin McNally, Willem-Jan Metsemakers				
8:50-9:05		Current concepts on Diagnosis	Geertje Govaert				
9:05-9:20		A new classification	Mario Morgenstern				
9:20-9:35		General treatment principles	Willem-Jan Metsemakers				
9:35-9:50		Discussion					
09:50-10:50		Key session 2: Fracture-related infection: current concepts II	Chairs: Andrej Trampuz, Guy Putzeys				
9:50-10:05		Key aspects of soft tissue management	Alex Ramsden				
10:05-10:20		Local antimicrobial strategies and dead space management	Marc Hanschen				
10:20-10:35		Key aspects of antibiotic therapy	Andrej Trampuz				
10:35-10:50		Discussion					
10:50-11:20	Coffee - Posters - Exhibition						
11:20-12:45		Free Papers A: clinical research on fracture PJ related infection (10 x 6 min + 2 min)	Chairs: Olivier Borens, Jeroen Neyt			Free Papers B: basic and translational research (10 x 6 min + 2 min)	Chairs: Martin Clauss, Françoise Van Wambeke
12:45-14:00		Industry Symposium A (12.50-13.50)	Lunch				Lunch
14:00-15:00		Key session 3: Bacterial-Implant Interactions	Chairs: Mario Morgenstern, Christine Dupont				
14:00-14:15		Bacterial adhesion: how and where?	Martin Andersson				
14:15-14:30		Biofilm eradication in infection models	Hervé Poilvache				
14:30-14:45		Bacterial-implant interface and clinical relevance	Thomas Bjarnsholt				
14:45-15:00		Discussion					
15:00-15:50		Free Papers C: clinical research on Diabetic foot infection (6 x 6 min + 2 min)	Chairs: Klaus Kirketerp-Møller, Dan Putineanu		15:00-15:50	Key session 4: EBJIS abroad project	Chairs: Ricardo Sousa, Jean-Cyr Yombi
						EBJIS point of view	Ricardo Sousa
						Emerging countries' point of view	TBA
						Discussion	

15:50-16:20			<i>Coffee - Posters - Exhibition</i>					
16:20-17:20		Key Session 5: Battles / Questions in debate Pro /Contra	Chairs: Eric Senneville, Jeroen Neyt	NB: WiFi voting system		Free Papers D: Infections treatment in developing countries (6 x 6 min + 2 min)	Chairs: Ricardo Sousa, Jan Noyez	
16:20-16:50		<i>Delay for Rifampicin Introduction: immediate or delayed?</i>	Delayed: Parham Sendi / Pro: Elie Berbari					
16:50-17:20		<i>Antibiotic free window period?</i>	No: Andrej Trampuz / Yes: Bridget Atkins					
18:00-20:00		Welcome Reception						
Friday 13 September 2019								
7.45-		Registration						
08:15-09:15		Key Session 6: Innovation in treatment of biofilm related Infection	Chairs: Frédéric Laurent, Françoise Van Bambeke					
8:15-8:30		Drug delivery systems for application in biomaterials associated infections	Ana Bettencourt					
8:30-8:45		Antibiotic delivery systems	David Eglin					
8:45-9:00		Innovative pharmacological strategies	Tom Coenye					
9:00-9:15		Discussion						
09:15-10:15		Key Session 7: Improvement in microbiological diagnosis	Chairs: Bridget Atkins, Hector Rodriguez-Vilalobos					
9:15-9:30		Differential diagnosis of prosthetic joint infections	Yvonne Achermann					
9:30-9:45		Next-generation sequencing of the 16S-23S rRNA region	Mirjam Kooistra-Smid					
9:45-10:00		The Antibiofilmogram®	Frederic Laurent					
10:00-10:15		Discussion						
10:30-11:00		<i>Coffee - Posters - Exhibition</i>						
11:00-13:00						Country Delegate Meeting (This meeting is by invitation only)		
11:00-12:00		Free Papers E: Clinical research on fracture related infection (7 x 6 min + 2 min)	Chairs: Martin McNally, Peter Reynders		11:00-12:00	ICM Philly - Follow up	Chairs: Andrej Trampuz, Emmanuel Thienpont	
						What to retain from ICM Philly	Thorsten Gehrke	
						Where I disagree and why ?	Eric Senneville	
						TBD	Martin Clauss	
						Discussion		
12.00 - 12.05		Short break						
12:05-12:45		JBII/MSIS symposium Top 5-10 best papers published in the JBII	Parham Sendi, Elie Berbari		12:05-12:20	New diagnostic criteria for PJI - EBJIS Executive Committee	Chair: Martin McNally Speakers: Rihard Trebse and Alex Soriano	
					12:25-12:45	Travelling Fellowship Report	Irene Katharina Sigmund, Camille Fourcade, Igor Terjajevs	
12:45-14:00		<i>Industry Symposium B , 12:55-13:55</i>	<i>Lunch</i>			<i>Industry Symposium C , 12:55-13:55</i>	<i>Lunch</i>	

14:00-15:00		Key Session 8: Outpatient parenteral antimicrobial therapy	Chairs: Alex Soriano, Xavier Hollemans			Key Session 9: How to better prevent OA infection?	Chairs: Maya Hites, Charles Vogely	
14:00-14:15		NHS experience (OPAT: the current picture, the vision and the patient experience)	Bridget Atkins			Individual and environment control	Mike Reed	
14:15-14:30		Lyon experience (Products (agents & devices) – types, routes, transport, storage, administration)	Tristan Ferry			Does one dose fit all?	Maya Hites	
14:30-14:45		Belgian experience (How should we evaluate OPAT and governance of OPAT – what are our markers for success?)	Caroline Briquet			CDC guidelines	Elie Berbari	
14:45-15:00		Discussion				Discussion		
15:00-16:00		Free Papers G: Clinical research on PJ related infection (7 x 6 min + 2 min)	Chairs: Rihard Trebse, Maïte Van Cauter			Free Papers H: Basic and translational research (7 x 6 min + 2 min)	Chairs: Charles Vogely, Christine Dupont	
16:00-16:30		Coffee - Posters - Exhibition						
16:30-17:00						EBJIS Abroad (This meeting is by invitation only)		
16:30-17:30		Battles / Questions in debate Pro /Contra	Chairs: Alex Ramsden, Guy Putzeys					
		Early versus late flap in open fracture	Thierry Begue vs. Olivier Barbier					
		Local antibiotic: promoting bacterial resistance?	Yes: Alex Soriano / No: Olivier Borens					
17:40-19:00						General Assembly (for members of EBJIS, by invitation only) NB! This meeting takes place at xx.		
20:00-23:00		EBJIS Gala Dinner						
Saturday 14 September 2019								
8:00 - 9:00		Industry Symposium						
09:00-10:00		Key Session 10: Bacteriophage therapy	Chairs: Andrej Trampuz, Jean-Pauk Pirnay					
9:00-9:15		“From phage biology to phage therapy”	Rob Lavigne					
9:15-9:30		Optimal delivery method	Fintan Moriarty					
9:30-9:45		Current clinical evidence	Willem-Jan Metsemakers					
9:45-10:00		Discussion						
10:00-10:30		Coffee - Posters - Exhibition						
10:30-12:00		Best Papers (10 x 6 min + 2 min)	Members of the Executive Committee					
			Poster Judges:					
12:00-12:30		Honorary lecture: Will bacteria overcome humans?	Fernando Baquero					
12:30-12:45		Closing Remarks & Prizes	Olivier Cornu, Martin McNally					
12:45-14:00		Farewell lunch
