## WELCOME

Dear colleagues,

It is a great honour to host and organise the 38<sup>th</sup> Annual Meeting of the European Bone and Joint Infection Society, which will take place in Antwerp, Belgium on 12-14 September 2019. The conference will be held in the Flanders Meeting & Convention Center Antwerp, conveniently located in the heart of the city, in Antwerp ZOO, one of Europe's oldest city zoo.

*Antwerp*, one of the world's major seaports and the international center of the diamond industry is today a veritable cultural capital, which prides itself on its impressive architecture and splendid art. Situated on the Scheldt River and 25 miles north of Brussels, Antwerp is a vibrant city that offers many possibilities for entertainment, shopping, culture and nature.

The conference will bring together experts, practitioners and companies involved in the treatment of bone and joint infections. Professionals attending the conference will benefit from high-level scientific presentations, knowledge sharing and networking opportunities. The scientific programme will be provided with keynote lectures, free paper sessions, industry symposia and posters.

The main conference theme is: "From basic science to clinical practice: the importance of translation science in the development of concepts on infection prevention and treatment"

The topics for EBJIS 2019 are:

- Prevention of Muscular Skeletal Infections
- Fracture-Related Infection: current concepts on diagnostics and treatment
- Diabetic foot infection: vascularisation and soft tissue management
- Optimizing PJI diagnosis strategy

Boost your company's exposure and brand recognition and present your clinical data by hosting a Satellite Symposium. Contact us for information about time slots.

- Leaflet / folder announcing the Satellite Symposium (produced by the sponsoring company) in the conference bag

### FOCUS GROUP

**(1.5 hours) € 7,000**

Focus groups give companies a chance to ask experts/key opinion leaders their opinion in a closed forum and are interesting for companies, who:

- Are about to launch a new product
- Are new to the European market and need feedback on their existing products
- Would like to establish contact to key opinion leaders
- Are interested in feedback on products or clinical studies

A focus group at EBJIS 2019 has the advantage that you do not need to fly in and accommodate a group of 8-10 persons, as all key opinion leaders are present at the conference. This makes the focus group a cost effective tool to get feedback and promote your product towards key opinion leaders.
